

See the following example for verifying the license of the Gerber module:

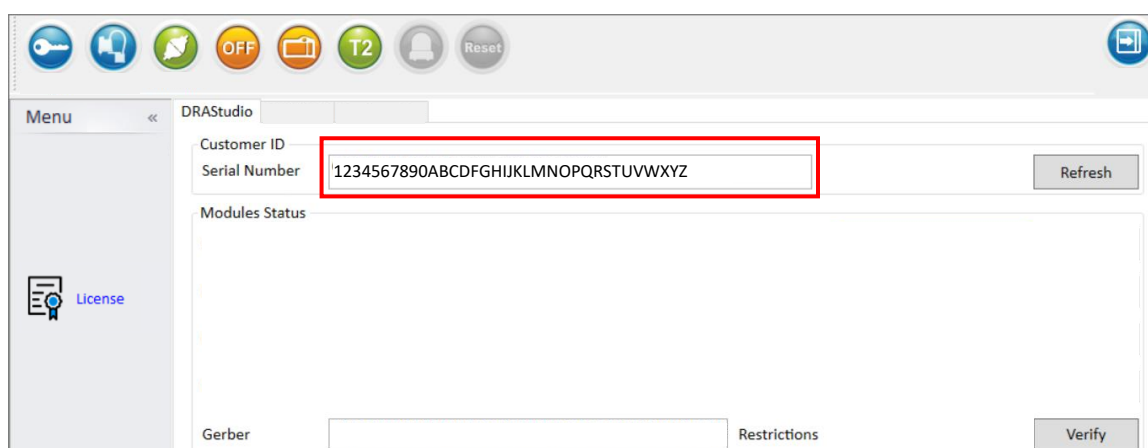

1. Click **Refresh** to obtain the serial number of user's PC.

The screenshot shows the DRASudio application window. At the top, there is a toolbar with icons for key, help, settings, power (OFF), folder, T2, user, and a Reset button. Below the toolbar is a 'Menu' sidebar with a 'License' icon. The main area has a 'Customer ID' field and a 'Serial Number' field. A red box highlights the 'Refresh' button located to the right of the 'Serial Number' field.

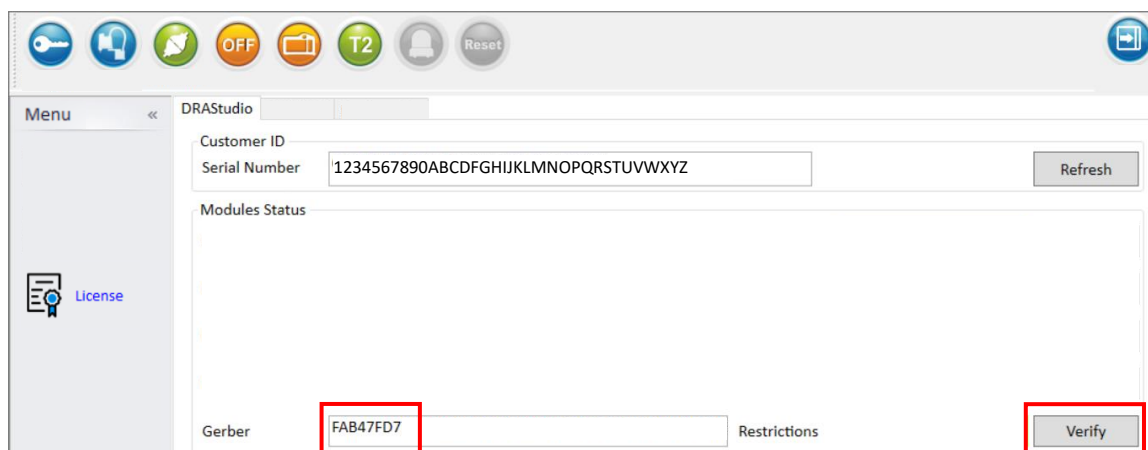

11

2. To obtain the AuthorityKey, provide the serial number and the device name of user's PC to Delta or the distributor.

The screenshot shows the DRASudio application window. The 'Serial Number' field is now populated with the text '1234567890ABCDGHIJKLMNOPQRSTUVWXYZ'. A red box highlights this field. The 'Refresh' button is still visible to the right. Below the 'Serial Number' field is a 'Modules Status' section, and at the bottom, there is a 'Gerber' field and a 'Verify' button.

3. Enter the AuthorityKey obtained from Delta or the distributor to the Gerber field, and click **Verify**.

The screenshot shows the DRASudio application window. The 'Gerber' field at the bottom is now populated with the text 'FAB47FD7'. A red box highlights this field. The 'Verify' button is also highlighted with a red box. The 'Serial Number' field remains populated with the same alphanumeric string.
