

3.5.2 Controller project

Right-click a controller project, and the following options are shown.

Icon	Name	Description
	Delete Project	Delete the project. This option is invalid when the project is open.
-	Change Number	Change the project number (range: 1 - 9998).

You can check for information of the controller projects in the **Project** subpage.

- Free Space: displays the available storage space of the controller in units of KB. The storage capacity of the controller projects is 20 MB.

Project				
Name	Size (KB)	Time
